Description: Before 1914, traveling from the East Coast to the West Coast meant going by land across the entire United States. To go by sea involved a long journey around South America and north along the Pacific Coast. But then, in a dangerous and amazing feat of engineering, a 48-mile-long channel was dug through Panama, creating the world's most famous shortcut:...

Review: We are cruising the Panama canal with friends for the holidays and borrowed this book from a local library. It is informative and provides a light, easy to read version of the canals history. We decided to purchase the book. Its paperback, affordable and easy to carry. We can highlight some of the more noteworthy facts to look for as we pass...
